

Recreational Program

What better way to be a tourist than with your very own local guide? In this program you will live in a wonderful homestay and receive guided leisurely activities from a member of your homestay. Immerse yourself in the fun activities and popular culture of your destination city. Your host family will design these fun tours around your specific interests, so you may choose to golf, ski, attend a sporting event, visit a museum, enjoy a food festival, go to a concert, spend a day at an amusement park, hang out at the beach or any number of other popular events hosted by the local area. Experience another culture while doing what you love!
